**SGA Virtual Suggestion Box**

Resolution # SP – 07 – 14

**Resolution on:** implementing a virtual SGA suggestion box

**Prime Sponsor(s):** Senator Dennison

**Cosponsor(s):** Senator Paige

**Committee:** New Projects

**WHEREAS,** It is difficult to gather student input using the current method of gathering constituent reports.

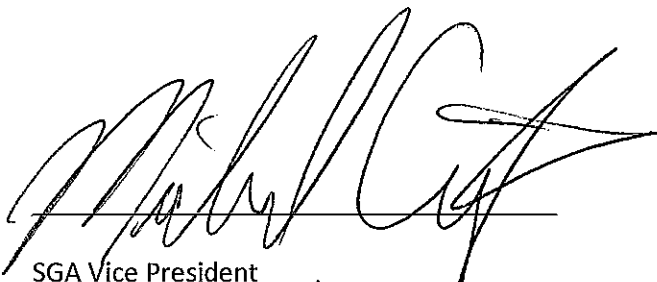

**WHEREAS,** The implementation of an online suggestion box for the SGA will allow input from a wider range of students, including students in online-only programs or in schools without SGA Senate representation.

**THEREFORE LET IT BE ENACTED THAT:**

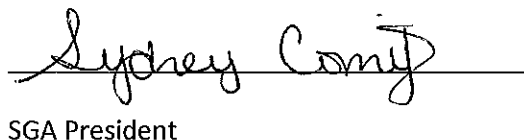

**SECTION 1.** The SGA works with the Office of Technology Services to create a virtual suggestion box within the MyUB portal, which will track netID numbers and guarantee student-only input.

**SECTION 2.** The Secretary and the Sakai page manager will manage the information collected from the virtual suggestion box. The Secretary and the Sakai page manager will place the suggestions in the appropriate committee's files directory section in the SGA-only Sakai page.
