Game Room Relocation and Advancement

Resolution # SP – 05 – 14

Prime Sponsor(s): Senator Bond

Cosponsor(s): Senator Parnell, Senator Dennison

Committee: Campus Life

WHEREAS, The Game Room in SC 003 has seen enormous growth in usage by the Student Population since the Fall Semester of 2010. It is also projected to overall have a 167% Increase in usage this year over last year. This increased usage of the Game Room leads to safety concerns of the students and also indirect misuse of equipment due to the overcrowding of the area.

WHEREAS, The Cafeteria Area on the second floor of the Student Center, has been vastly under used outside of Student Organized Events. This area holds much promise and gives the Student Population the adequate space it needs.

THEREFORE LET IT BE ENACTED THAT:

SECTION 1. The Student Government Association calls on the University of Baltimore to begin the process of transferring the Game Room in SC 003 to a big space to accommodate the rising usage of the area by the Student Population. Preferably, this area will be the Second Floor of the Student Center.

SECTION 2. The SGA calls on the University of Baltimore to update and advance equipment meant for the Game Room to coincide with the technology and taste of the students.

SECTION 3. The University of Baltimore shall keep the SGA informed of progress involving this endeavor, while also looking to us and the Student Population for help and ideas in achieving this goal. Tangible evidence of this should be seen before the last Senate Session of the 2013-2014 Year.
