Shady Grove Solution

Resolution # SP – 11 – 16

Resolution on: University of Baltimore Alternative Access to Classes at Satellite Campus Locations

Prime Sponsor(s): Academics Committee Chair Whye, Campus Life Committee Chair Dangnokho,
Finance Committee Chair Umar Malik, Senator Shoude Shi, Senator Mauricio Amaya

Cosponsor(s): Senator William Shorter, Senator Charles Thornton, Senator Noah Johnston,
Senator Christopher Piñeda, Senator Johannes Badejo

Committee: Academics Committee

WHEREAS, Students have expressed extreme difficulty and educationally obstructive dilemmas with travelling the 45 miles between the Shady Grove and main university campus.

WHEREAS, The University of Baltimore does not provide students who have difficulty attending classes so far from the main campus, access to transportation services or stipends for unreasonable travel expenses.

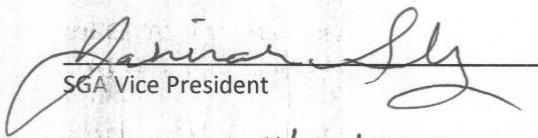

WHEREAS, The University of Baltimore does not offer students the required classes for their degree programs, equally, on all campuses, and during all full term semesters.

THEREFORE LET IT BE ENACTED THAT:

SECTION 1. The University of Baltimore will provide access through Panopto "Lecture Capture," to any mandatory classes that take place at a campus location outside of the parameters of reasonable travel.

SECTION 2. Students shall not be obligated to physically attend satellite campus locations for required classes that are only offered rotationally, when fully integrated options for Web, Hybrid, or video capture options can made available to faculty upon request.

SECTION 3. The University of Baltimore shall not require classes held rotationally on varying campuses, unless equal access can be provided for students who have difficulty meeting the expectations of travel to and from those campuses.
