

# WELCOME TO UBALT!

We heard you're headed our way, and we're excited to meet you at **NEW STUDENT ORIENTATION**.

**Tuesday, Jan. 21 | 5-8 p.m.**

Visit [ubalt.edu/orientation](https://ubalt.edu/orientation) for more information.

## WHAT IS NEW STUDENT ORIENTATION?

Orientation is an important experience for all new students. Our orientation is designed to familiarize you with UBalt and introduce you to the diverse academic, leadership, cultural and social experiences available to you during your time here. You will have the opportunity to become familiar with campus resources and make connections with current students, faculty and staff before beginning classes. Orientation takes place one week before classes start, so it is the ideal time to ask questions about registration, financial aid, campus life and anything else you might want to know about UBalt.
